A. PROCEDURE FOR APPOINTMENT TO EXISTING DEPARMENTS

1. Whenever the appointment of a faculty member has been authorized by the President, the Academic Vice President or his or her designee shall inform the department chairperson in the department which the faculty member is to serve or, in the case of the Library, the Director of Libraries.
2. The Academic Vice President or his or her designee in consultation with the department chairperson concerned or, in the case of the Library, the Director of Libraries, shall determine the qualifications and background characteristics of applicants and the academic rank and appropriate salary range. Normally the salary shall be within the minimum and maximum range established for the rank; however, exception to the maximum salary may be made by the Academic Vice President based upon prevailing market conditions or other appropriate conditions that might influence the availability of potential employees.
3.
 - a. The department or, in the case of the Library, the full-time members of the professional library staff shall elect a committee of not more than three (3) of its members, at least one of whom shall be tenured, if possible, which with the Department Chairperson or, in the case of the Library, the Director of Libraries, shall conduct the search for and the evaluation of applicants. The Department Chairperson or, in the case of the Library, the Director of Libraries shall serve as the chairperson of the Committee and shall have the right to vote and to participate fully in all deliberations of the Committee. The appropriate Academic Officer shall have the right to consult with the search committee during the search for and evaluation of candidates.
 - b. The position shall be open to any qualified person.

- c. The search shall be widely publicized.
 - d. Copies of all applications for the position and other pertinent data shall be reviewed by the Committee.
 - e. The Committee shall keep appropriate and necessary records of its proceedings. These records shall be kept in the Chairperson's office or, in the case of the Library, the Director of Libraries' office during the search and evaluation process and thereafter shall be forwarded to the appropriate Academic Officer for permanent filing.
 - f. All Affirmative Action forms will be completed by the Department Chairperson and forwarded to the Affirmative Action Officer at the conclusion of the search.
 - g. In the recruitment for any vacant position major attempts will be made to recruit qualified women and/or minorities. The College in all its components will be mindful of the goals set in the Affirmative Action plans that it has adopted.
- 4.
- a. The Committee shall recommend three (3) persons as academically qualified to the Academic Vice President or his or her designee unless the Committee determines that fewer than three (3) applicants are academically qualified in which case the number qualified shall be recommended.
 - b. Normally the President shall appoint as a member of the faculty only a person who has been recommended as academically qualified by the Committee. However, for good reason, which the President should communicate to the appropriate Department Chairperson, the President may appoint as a faculty member a person not recommended by the Committee but who is academically qualified.

B. PROCEDURES FOR APPOINTMENT TO NEW DEPARTMENTS

1. Faculty members appointed by the President to a new department in the first year of operation of the department normally shall be recommended as academically qualified by the Peer Evaluation Committee.

C. CONDITIONS AND TERMS OF FACULTY APPOINTMENTS

1. All appointments shall be effective September 1 or the beginning of the second semester.
2. All appointments shall be tenure-track appointments except as provided for in Part C, Section 3.b. and 3.c. of this Article. Union County College considers tenure-track appointments to be the standard for faculty hiring.
3.
 - a. All tenure-track appointments shall be for one (1) academic year if they are effective September 1 or for the remainder of the academic year in which they are made and the following academic year if they are effective after September 1. Faculty members appointed during the academic year (after September 1) shall be credited with a full-year service for that academic year and evaluated as second-year faculty in September of the following academic year.
 - b. Replacement faculty members appointed to replace a specific faculty member on an authorized leave of absence may be appointed for the period the specified faculty member is on leave, not to exceed a period of one academic year.
 - c. Faculty appointments on a non-tenure contract other than those described in Article XI. C.3.b. may be made only on academic or administrative considerations and only after the Vice President for Academic Affairs consults with the appropriate academic department chairperson and the President of the American Association of University Professors, Union County College Chapter and declares in writing the academic department involved meets one or more of the following criteria:

- There is convincing evidence to believe the funding of the students or the academic department or the College as a whole may decline significantly,
- There is convincing evidence that the enrollment in the academic department or the College as a whole may decline significantly,
- The proportion of tenured faculty in the academic department would, by the addition of a tenure-track position, bring the proportion of individuals in the department above the level deemed necessary to maintain an appropriate balance between tenured and non-tenured faculty, given current practice; however, the number of non-tenure track faculty in the academic department will not exceed the following limits: Academic departments with:
 - ♦ Less than ten members—2 positions
 - ♦ Eleven to twenty members—4 positions
 - ♦ Twenty-one to thirty members—5 positions
 - ♦ Greater than thirty-one members—6 positions

Subsequent to the appointment of a non-tenure-track faculty member to a department, the number of sections taught by adjunct faculty in that department shall not significantly exceed the percentage of sections taught by adjunct faculty in that department during the fall semester of 1996. Should this occur, an additional full-time tenure-track faculty member shall be hired in that department at the beginning of the next academic semester.

Faculty appointed to non-tenure track contracts may be appointed for a maximum of three years. By the end of the third year of employment, the College must either offer a terminal one-year appointment to the faculty member or place the faculty member on a tenure-track. Faculty and librarians who receive a multi-year contract under these conditions shall be evaluated annually for reappointment as are all other non-tenured full-time

faculty and librarians. If a tenure-track position becomes available in an academic department, replacement faculty and non-tenure track faculty in that academic department will be evaluated by the Department Evaluation Committee as specified in Article XI.A.3.a. as a candidate to fill said position prior to the conduct of an external search. Non-tenure track faculty and replacement faculty hired for tenure-track positions shall be given credit for prior years of service at the College.

If a reduction in force or dismissal for cause eliminates a tenure-track faculty member, a non-tenure track faculty member cannot be used to fill said position for five academic years.

If the issuance of a one-year terminal contract is for any reason other than failure to meet the criteria for reappointment as specified in Article XII. of the Collective Bargaining Agreement, the position shall be deemed unnecessary and cannot be filled with another non-tenure track position for five academic years.

- d. All full-time faculty appointments shall be made in accordance with NJAC 9A:7-3.1;3.2.
 - e. Faculty and librarians who have worked full-time at the College for a cumulative period of five academic years (or ten semesters) and one day shall have tenure.
 - f. Academic freedom (as defined in Article XVII of the Collective Bargaining Agreement) is guaranteed to all faculty and librarians.
4. Before accepting an appointment, a faculty member shall receive a written copy of the essential terms and conditions of his or her appointment including a statement of credit towards tenure for prior service, a copy of this Agreement and pertinent rules and regulations of the College. S/he shall receive a written

copy of any subsequent modification of the terms and conditions of his or her appointment.

5. These changes to the existing Board-AAUP Contract 1994-1997 will go into effect and be incorporated into the Board-AAUP Contract beginning September 1997.

D. CRITERIA FOR FACULTY APPOINTMENTS

1. Appointment in the academic rank of instructor or librarian I shall require the appointee to possess those qualifications and/or experiences which qualifies the applicant for the position to be filled.
2. Appointment in any academic rank other than instructor or librarian I shall require that the appointee meet the relevant criteria for promotion to that rank as specified in Article XIII (Professional Evaluation) of this Agreement.
3. Any faculty member appointed to the rank of instructor or librarian I without meeting all the required criteria for that rank, as specified in Article XIII (Professional Evaluation) of this Agreement, shall receive a written statement from the Vice President of Academic Affairs. The letter shall explain the exceptions and outline any remedial action, with a timeframe for completion of such action, required for completion of such action, required for future reappointment and/or promotional consideration.

- b. Payments will be made once a year on or about July 31 for courses taken during the preceding academic year.
- c. No reimbursement is payable for fees, room, board, or the like, which are regarded as fees and not tuition, inasmuch as class attendance is normally not involved.
- d. Reimbursement is payable of “maintenance of matriculation” fees and “Thesis or Dissertation supervision” for one academic year.
- e. In order to obtain tuition reimbursement, a full-time member of the faculty must fill out an “Application for Tuition Reimbursement” form obtainable from any Academic Officer’s office or the Personnel Officer, and file it with the appropriate Academic Officer or the Director of Library, not later than June 30 of the academic year in which the course(s) was (were) taken.

- c. Teaching load requirements for full-time members of the instructional staff shall be modified only as follows:
